Important information to know before you apply

These investments will involve a full due diligence evaluation before we agree to proceed and we reserve the right to request further information not requested on this application form. We may reject your application and if that happens any due diligence fees paid will not be refunded.

We will only be able to process your application form if you have received advice from a financial adviser or are a certified sophisticated investor. If you haven't taken financial advice you must provide a fully completed HNW/Sophisticated Member Declaration.

If this investment is accepted and subsequently forms part of your pension fund we may require the value of the investment to be formally valued at specific points in the future, such as on the sale to a connected party or when you wish to take

benefits for example. This requirement depends on the way in which the investment is structured and the underlying assets. This is a legislative requirement and is not discretionary. The valuation must be done by a suitably qualified professional party, unconnected to either you or the company involved. This may prove to be expensive and may cause delays in you being able to draw benefits from your fund.

Depending on the nature of the investment and anything discovered during the due diligence evaluation process you, or the investment provider/company may be required to enter into further declarations or agree to additional limitation of liability wording being inserted into legal documents.
